FILIBUSTER KILLS MANY IMPORTANT BILLS IN SENATE

Appropriation For Rail Control Lost In Final Hours of Congress

MAY FORCE RETURN OF ROADS TO FORMER OWNERS

President Scores Group of Senators Who Sought to Embarrass Him

(ASSOCIATED PRESS TELEGRAM)
Washington, March 4.—Congress adjourned at noon today in the midst of a Republican filibuster in the senate that killed a long list of important measures.

Among the bills that failed was one appropriating \$750,000 for the railroad administration without which some administration leaders say the railroads must be returned to their owners before the middle of April.

There was no turning back of clocks. Democratic leaders realized the situation was hopeless and the gavel ending the long great war session and the sixty-fifth congress actually tapped at noon.

Just before adjournment, President Wilson in his capital office authorized final notice to the Republicans that their efforts to force an immediate extra session had failed; that he was unshaken in his determination not to call congress until his work at the peace conference was done.

The president declared that a "group of men in the senate have deliberately chosen to embarrass the administration of the government, to imperil the financial interests of the railway system of the country."

Adjournment marks the passing of Democratic control at the capitol. The congress that passed at noon began in April, 1917, passed the German war declaration and was its almost continuous sessions have been marked by unprecedented legislation and controversy.

The bills that failed included both the army and navy appropriation measures. The only two important measures that ran the gamut of the last 48 hours of filibustering were the Victory Liberty loan bill and the billion-dollar wheat guarantee bill.

Efforts to secure an executive session of the senate because of the Republican filibuster caused failure of several appropriations, including those of A. Mitchell Palmer, the attorney general, Controller of Currency Williams, Norman Hapgood to be American minister to Denmark, Brigadier General Robert E. Noble to be major general of federal judges, attorneys postmasters, the army medical corps, and of many.

ROTES HEAR AIR PILOT IN TALK

Lieut. Haskins of Granville Is Guest of Club at Tuesday Noon Luncheon.

The flying experiences of an American aviator in the French and American air services were vividly portrayed to the members of the Rotary club at the noon day luncheon Tuesday by Lieutenant Joseph Haskins of Granville, Ohio, who returned from France about three weeks ago, wears the Croix de Guerre and the entire French escadrille with which he served was cited in orders.

Mrs. Frances Robbins of Columbus was present at the meeting and explained to the Rotarians the purpose of the fund being raised for the benefit of the blind of Ohio. This fund is to be used to provide a home for the adult blind of the state for whom at present there is no provision. At the conclusion of Mrs. Robbins' remarks the club voted to give the entertainment at the high school auditorium on Thursday night its undivided support.

Later on motion of Dr. Clark B. Hatch, the club voted an appropriation of \$50 for the proposed home.

S. U. Hooper, the newly appointed superintendent of the Newark division of the Baltimore and Ohio railroad, was a guest at the meeting and asked the operation of the club in maintaining and improving the service of the company.

President Schiff appointed a committee to make arrangements for the coming of a speaker on Bolshevism and its meaning.

BLAME FOE FOR FIRE IN WERTZ'S HOME

(ASSOCIATED PRESS TELEGRAM)
Cleveland, March 4.—State fire marshal began a search today for firebugs who have made four attempts in four days to burn down the home of United States Attorney Edwin S. Wertz at Wooster.

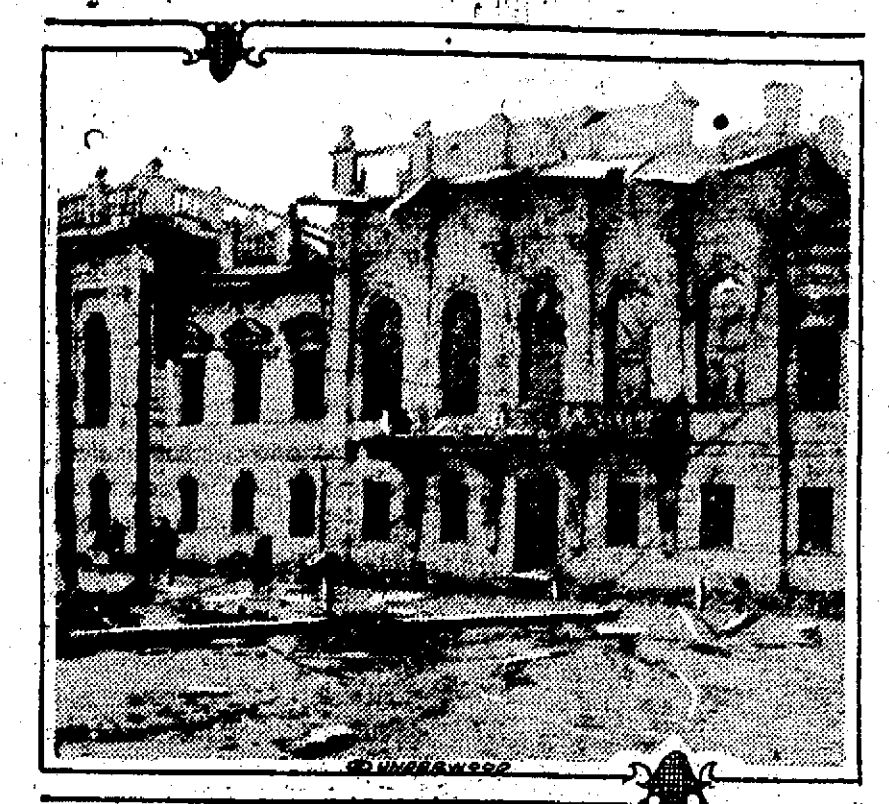

Owing to the fact that Wertz has been active in running down enemy propagandists it is believed in Wooster that attempts to destroy his home were part of a deliberate plan to bring harm to his family and himself.

The first fire was discovered at 4 p. m. Friday. At 11 p. m. the same night a second fire broke out. Two more fires were discovered Monday night. Total damage of the four fires is estimated at \$1800.

COUNCIL COMMITTEE OPPOSES FARE INCREASE ASKED BY OHIO ELECTRIC

Report Says Council Should Not "Visit On a Majority the Hardship of Increases Fare—Mayor Asks Reconsideration of Municipal Court Ordinance

The city council last night, after passing the ordinance providing for the issuance of \$28,500 worth of bonds for the purchase of fire apparatus and equipment for the city, and refusing to entertain a proposition for increased street car fares, was entertained for a half hour in the discussion of the bill providing for a municipal or police judge for the city and which is now in the hands of Representative John S. Graham at Columbus. Council previously approved of the bill and it has been signed by Mayor Atherton. Atherton now opposes it and asks council to withdraw it on account of the expense entailed in conducting the office.

The report of the finance committee showed that two bids had been received providing for the deposit of the active and inactive funds of the city. The First National Bank and The Licking County Bank, each institution bidding two per cent on the active funds and three per cent for the inactive.

The committee on streets reporting on the petition of property owners on Columbia street, requesting the opening of that thoroughfare between 11th and 13th streets, said that the members of the committee had visited the location and felt that the city should grant the prayer of the residents, and recommended that the street be opened and graded.

The service committee reported adversely on the increase in street car fares, stating it had investigated the reasons given in two communications, one from the National War Labor board and the other from the superintendent of the Ohio Electric railway and while the committee recommended the belated justice granted the men by the raise in wages, it felt that there was very little to cause the councilmanic body to visit on a majority of the people the hardship of an increase in fare and recommended that it be not granted.

COX IN CLASH WITH GOV. EDGE

Tells New Jersey Executive That Government Is Not Doing Enough For Its People.

(ASSOCIATED PRESS TELEGRAM)
Washington, March 4.—A clash between Governor Edge of New Jersey and Governor Cox of Ohio, developed today at the conference of governors and mayors after an attack by Governor Edge on the government's policy of "trying to do too much for the people." Governor Cox said the government was not doing enough.

Activities of government departments in the work of restoring business to normal conditions and of alleviating unemployment were presented to governors and mayors today at the second day's session of their conference at the White House. Roger W. Babson, director of the department of labor's information and education service was the principal speaker at the morning session at which Governor Cullidge of Massachusetts presided.

All the government departments, Mr. Babson told the conference, are working in co-operation to extend industrial opportunities, reduce prices and provide employment.

Something or somebody, however, he added, "is gumming up the wheels of prosperity."

STRIKE OF MARINE MEN RENEWED IN NEW YORK

(ASSOCIATED PRESS TELEGRAM)
New York, March 4.—The strike of 16,000 boatmen in New York harbor, halted last January at the cabinet request of President Wilson, was resumed at 6 a. m. today and at that hour ship piers virtually were at a standstill, according to statements made by union officials. Only one ferry line was operating on the North river.

The strike was ordered yesterday by the executive council of the marine workers' affiliation after a week of negotiation over the terms of the award made by V. Everit Macy, umpire for the war labor board. The strikers demand wage increases averaging 30 per cent and the eight-hour day.

TEMPERANCE BILL WILL BE UP FOR VOTE NEXT WEEK

Joint Committee Recommends Bill For Passage By Assembly

MANY AMENDMENTS ARE INCORPORATED IN LAW

Sale of Booze In Airships Is Prohibited By One Clause

(ASSOCIATED PRESS TELEGRAM)
Columbus, March 4.—The house and senate temperance committee meeting in joint session this morning recommended for passage the house bill of Representative Crabbe of Madison county, as amended, providing for enforcement of state wide prohibition in Ohio after May 27.

Representative Crabbe announced that the bill would be reprinted and made a special order for action in the house early next week.

Among important amendments in the prohibition bill are:

A schedule of fees for permits to handle alcohol, wine and proprietary medicines containing alcohol, which will not only make prohibition enforcement machinery self sustaining but will prove a revenue producer for the state.

A provision making it the duty of state, county, city and township officers to aid in enforcement of prohibition laws under penalty of forfeiture of office or removal by the governor.

Exempting private dwellings from the search and seizure without warrant provision of the bill.

Permitting wineries to retain equipment used in making alcoholic liquors for use in making cider, grape juice and non-alcoholic liquors.

Allowing clerics to buy wine in wholesale quantities for sacramental uses, and permitting educational institutions to possess alcohol for scientific purposes.

Retail and wholesale grocers are also permitted in the amendments to prepare containing alcohol. The original bill gave this authority to druggists only.

Under the system of permits proposed by the amendments which a substitute for the original bill which provided for bonding physicians, druggists, manufacturers and others permitted to handle alcohol and wine, manufacturers of alcohol will pay to the commissioner of prohibition \$25 a year; manufacturers of alcoholic preparation doing a business of \$5,000 a year \$25; more than \$5,000 \$50 a year; wholesalers doing a business of \$10,000 \$25; more than \$10,000 \$50; retail druggists and pharmacists, \$5 a year; other retail dealers, including grocers handling proprietary medicines, and extracts containing alcohol, \$2 to \$5 a year to be determined by the prohibition commissioners; physicians issuing alcoholic prescriptions \$1 a year; physicians acting as druggists \$5 a year; all other persons required to hold permits from \$2 to \$10 a year.

All incomes shall be taken from the revenue fund of the state. While no estimate is given as to the total amount of revenue this system of fees will produce, members of the committee are confident that it will produce a great deal more money than is necessary to enforce prohibition and therefore prove a revenue producer for the state.

While private homes are guarded against search and seizure without warrant, in the amendments suggested, this part of the bill is strengthened in another section to give the state authority to seize liquor unlawfully held on land, in or on water, or in the air.

This would prevent illicit sale of liquor in airships or on boats. The bill providing for the appointment of the prohibition commissioner and his duties will be taken up by the committee and reported out next week, with few changes, it is said.

(ASSOCIATED PRESS TELEGRAM)
Washington, March 4.—Captain Bassett, executive officer of the great Lakes naval station, reported to Secretary Daniels today that the printed reports regarding the arrests at that station were "sensational and grossly exaggerated."

Investigation, Captain Bassett said, indicated that only a few enlisted men were involved and that they evidently accepted money under false pretenses as so far no evidence had been found that any man had been discharged as a result of the passing of bribes.

It was Colonel Wise who remained, when ordered to retreat, "To hell with retreating, let the Germans do the retreating." His battalion captured 500 Germans and many machine guns at a cost of a 75 per cent casualty list between June 2 and June 5.

PRESIDENT IS OFF TO PEACE MEET

Starts For New York From Which Port He Will Sail Early Wednesday.

(ASSOCIATED PRESS TELEGRAM)
Washington, March 4.—President Wilson left Washington today on his second trip to Paris for attendance at the peace conference.

Accompanied by Mrs. Wilson, he planned to sail from New York on the transport George Washington and was expected to remain overseas several months, probably until early in June.

With his desk at the White House cleared of the accumulated work which greeted him upon his arrival a week ago the President went to the capitol this morning for last hour conferences with Democratic leaders and to sign legislation passed by congress at the close of this session.

From the capitol Mr. Wilson went direct to his special train and upon his arrival in New York early tonight will deliver an address on the League of Nations at the Metropolitan Opera House, where former President Taft also was to speak. Afterwards Mr. Wilson had an engagement to receive the delegates appointed at the recent Irish convention in Philadelphia to present resolutions asking him to urge at the peace conference freedom for Ireland.

On their way to New York, the President and Mrs. Wilson were to stop at Philadelphia for an hour or more to visit Mr. Wilson's daughter, Mrs. Francis B. Sayre. The President had requested that his visit be entirely informal and consequently no reception was planned by Philadelphia officials.

The President and his party will board the George Washington late to night and the big steamer with escort of warships will get under way early tomorrow morning. The voyage should not require more than ten days and the President expected to go direct from the French group to Paris.

President Wilson said goodbye to White House officials and employees at 10:59 o'clock today and drove to the capitol to sign measures passed during the closing hours of congress before leaving for New York on his way back to France.

Secretaries Glass and Houston and Secretary Tamm accompanied the President. Other cabinet officers, including Secretaries Daniels and Redfield, joined the President in his private room off the senate chamber.

NO EXTRA SESSION WILSON DECIDES

Is Firm In Determination to Let Members Go Home Until His Return From Europe.

(ASSOCIATED PRESS TELEGRAM)
Washington, March 4.—President Wilson during a discussion of the League of Nations with Democratic leaders, including Senator Martin, said today that he had determined not to call an extra session of congress before he returned from France.

After this conversation Senator Martin announced that the general delivery would be kept before the senate either until passed or until the session expired. Senator Martin said that according to the plan no executive session would be held. That would mean the nominations of A. Mitchell Palmer to be attorney general, John Skelton Williams, to be controller of the currency, and many other nominations including those of hundreds of postmasters would remain until acted upon.

SAYS NEW SENATE OPPOSES LEAGUE IN PRESENT FORM

Senator Lodge Reads the Names of 34 Who Will Oppose Treaty

OFFERS RESOLUTION AGAINST ACCEPTANCE OF COVENANT

Move Came As Surprise to Democratic Leaders In Upper House

(ASSOCIATED PRESS TELEGRAM)
Washington, March 4.—Senator Lodge, the Republican leader, brought the long senate debate on the League of Nations to a climax last midnight with the introduction of a resolution proposing that the senate record itself against acceptance of the league constitution as now drawn. He read to the senate the names of 37 members of the new senate, who will pass on the peace treaty, who, he said, have signed or approved the resolution.

This move by the Massachusetts senator followed numerous conferences among Republican leaders and communications with members and members-at-large who were in Washington. It came as a surprise to most Democratic leaders, but when the senator asked unanimous consent for consideration of the resolution, Senator Martin and Swanson of Virginia immediately objected and the resolution went over until the next day.

Satisfied that there would be no opportunity to bring the resolution to a vote before the adjournment of congress, Senator Lodge then read the list of senators, thus placing their names on the record.

There was no effort at a counter move from the Democratic side. Senator Hiram Bingham of Utah, chairman of the foreign relations committee and Senator Swanson said the Republicans endorsing the resolution had not thus announced that they would defeat a final peace treaty containing the league constitution as now drawn.

Pointing out that 37 members of the senate could prevent ratification of the peace treaty because of the requirement of two-thirds majority of the senators, Republican leaders said the effect of their move was to notify President Wilson and the peace conference that as now framed the League of Nations plan was not acceptable to the new senate.

Senator Lodge and other Republican leaders pointed to the fact that the resolution expressed the desire of its endorers to a world society to promote peace and national disarmament and they also emphasized that it urged first the conclusion of peace with Germany and then the working out of a league plan after careful and deliberate consideration.

STOCKS HIT BY SENATE ACTION

Sharp Break In Price of Investment Rails When Appropriation Bill Fails.

(ASSOCIATED PRESS TELEGRAM)
New York, March 4.—Stocks broke sharply today when it became known Wall Street at midday that congress had adjourned without acting on the \$150,000,000 railroad revolving fund.

Investment securities, including Steel and Associated Equipment's reacted to the same extent, while specialties suffered even greater reversals, a stock ranging from 2 to 5 points. There were irregular reactions from lowest prices during the early afternoon but the undertone continued rather feverish.

HOUSE HOPES FOR FREEDOM OF IREISH

(ASSOCIATED PRESS TELEGRAM)
Washington, March 4.—By unanimous vote, the house today adopted a resolution to the foreign relations committee expressing the hope that the peace conference would favorably consider the claims of Ireland to the right of "self determination."

The resolution now goes to the senate where it is considered altogether improbable that any action can be obtained before final adjournment.

When the house resolution was received by the senate, Senator Frank of Maryland, Republican, asked unanimous consent for its immediate consideration.

Senator Smith of Georgia, Democrat, objected and demanded that the resolution go to the foreign relations committee where a similar resolution has been pending for several months.

Adoption of the resolution in the house came after a turbulent all night session in which an organized effort was made to keep the resolution from coming to a vote. The attempt was abandoned shortly before six o'clock. Only one member, Representative Connally of Texas, expressed opposition to the purpose of the resolution. Republican Leader Mann, Representative Moore of Pennsylvania and others attempted parliamentary.

ALLIES WITHDRAW FROM RUSS TOWN

YOU ARE AS STRONG AS YOUR STOMACH

You might just as well expect an automobile to run without gas as to expect a person to work well with a weak stomach. Your digestion furnishes the nourishment upon which you run the machine called your body. Let the food digest properly, and every part of your system has the supplies to keep it in perfect working order. But when indigestion comes on, the blood is polluted with fermentations that weaken every organ. Soon you have headaches, because this bad blood affects the brain. Backache follows. You get up in the morning after a restless night as tired as when you went to bed.

You drag along all day, driving the machine by will power until you have to quit with rheumatism, kidney trouble, or some other serious breakdown—and all because you didn't find the right treatment for the indigestion.

Years ago Dr. George B. Parker had hundreds of such cases, and worked to develop a remedy that he could depend on. When he found it, and proved it by thousands of such cases, he put it on the market. Today for \$1 you can obtain a box of Dr. Parker's Treatment for Indigestion and Constipation that is guaranteed to relieve you or your money will be returned.

Right here, in this town, are many people who have found it to be all it is represented, and who tell their sick friends about it. Maybe you know some one who has found health through this treatment. If not, try it early at our risk. You will be wonderfully pleased with the results. Stop at your drug store and get a box today. There is no need of your suffering any more.

LAND AGENTS GET PRISON SENTENCE

Former Denison Student Among Those Given Jail Terms For Oklahoma Land Frauds.

D. D. McFarland of Wyoming, O., a former student of Denison University, was sentenced to three months in the county jail of Montgomery county by the federal district court in Cincinnati yesterday after conviction of fraud in connection with Oklahoma lands.

The government charged conspiracy to defraud against Roy Van Tress, president of the McAlester real estate exchange and 15 associates. McFarland was one of the cat managers—special booster cars being sent into many sections where the property was offered for sale. The cat visited New York and there were a number of sales made in this county. Testimony offered at the trial showed:

Van Tress was fined \$5,000 and sentenced to one year and one day in the federal penitentiary at Atlanta. Other sentences were made as follows:

William F. Gorsuch, Cincinnati vice president six months in Montgomery county jail at Dayton, Ohio.

S. K. Williams, McAlester, Oklahoma manager six months in Montgomery county jail.

R. J. Jeffcott, Cincinnati car manager, six months in Montgomery county jail.

George A. Hatt, Cincinnati, secretary treasurer, 30 days in Montgomery county jail.

A. T. Beardslee, Philadelphia, J. T. Blount, Chicago, A. A. Decatur, New York City, Martin M. Henry, Chicago, D. D. McFarland, Wyoming, Ohio, Fred Phillips, New York City and J. P. Schwalm, Chicago, car managers, three months in Montgomery county jail each.

G. E. Fort, Chicago and A. W. Stitt, Norwood, car managers, two months in Montgomery county jail.

Home C. Evans, Cincinnati, and H. A. Faulkner, New York City, car managers, 30 days in Montgomery county jail each.

When given opportunity to make a statement to the court before sentence was passed, the defendants all reiterated their belief that the dealings of the company were entirely legitimate and free from fraud.

Judge Hollister in passing sentence, said that it was quite clear that a great fraud had been perpetrated on persons named in the indictment and that the verdict of guilty was inevitable.

All the defendants gave bond for appeal of the cases.

WILL CONFER WITH TAFT IN NEW YORK

(Associated Press Telegram)

New York, March 4.—During President Wilson's visit of less than four hours in New York tonight he will speak on the League of Nations to 5,000 persons at the Metropolitan opera house, hold a short private conference with former President William H. Taft, receive a delegation of 20 Irishmen who will request him to present the subject of self-determination for Ireland at the peace conference, and then will board the steamer George Washington, which sails early tomorrow for France.

According to the revised plans the president will arrive in this city from Philadelphia at 8:15 o'clock and will proceed directly to the opera house to meet Mr. Taft in a private room and soon thereafter will commence his address. Mr. Taft, who was en route to this city today from Springfield, O., where he spoke last night, will speak in favor of the League of Nations before the president's arrival.

Fists and Sticks Shaken at Officers in Berlin Hotel During Demonstration.

(Associated Press Telegram)

Berlin, Sunday, March 3.—During a demonstration on the return of General von Lettow Vorbeck and some of his East African troops they attacked and hissed the Americans. The officers, who were sitting in the windows of the hotel where the American mission is quartered, were pelted with stones and sticks. The demonstrators, who were shouting "Hiss the Americans," were promptly withdrawn when they saw that their presence might provoke trouble.

The hostile crowd hung around the hotel for a long time and made often spite remarks about the French mission which has its headquarters in the same hotel because of an unfounded report that the French had hided the German procession. Finally German troops were lined up in front of the hotel to prevent possible violence.

The reception to the former German commander in East Africa, who was the old regime, the imperial flags fluttered everywhere. Instead of the banners of the German republic, Patriotic songs of the old regime rang out in quite the old way.

APPELLATE COURT OPENS SESSION

Docket Is Called and Arguments Are Heard in City-Bottle Company Litigation.

The March term of the court of appeals in this city on Tuesday morning with Judges Lewis B. Houck, R. S. Shields and F. N. Patterson on the bench.

Lewis B. Houck, presiding judge, called the docket for the term and the following disposition of cases was made: The American Bottle Co. vs. The City of Newark. Argued and submitted to the court upon a motion to dismiss the appeal, the company claiming that the case is not appealable.

James H. Kirkpatrick vs. The Utica Glass Co. The court sustained a motion to pass the case on account of the absence from the city of Edward Kibler, Sr., attorney for plaintiff. When Mr. Kibler returns to the city, the case will be set down for hearing in some other county in this circuit.

Charles M. Geiger vs. Thos. E. Humphrey, et al., judgment of settlement. The following cases were stated to be ready for trial when reached in their order on the docket:

Geo. W. Exley vs. Albert G. Welsh, et al.; Elizabeth Crawford vs. Judson T. Sheik, et al.; P. B. Smyth on behalf of himself and 45 others vs. The Ohio Electric Ry. Co.; Geo. Heil vs. Charles Crooks, for hearing on motion; Wm. A. Adams vs. Elson DeFrance, et al.; John H. Swisher vs. Chas. Donaldson; Toledo and Ohio Central Ry. Buenos Aires, Monday, March 3.—Resolutions were adopted by the maritime federation today informing the government that if the harbor strike is not settled by March 5, the federation will no longer consider its members influenced by the pending negotiations and will permit freedom of action by them.

The strike has been in progress for two months and has virtually paralyzed activities in port here.

Sapphire Is New Fashion Gem.

That person who wishes to be in it, to use the English equivalent for the French phrase, will wear sapphires. Such is the edict of fashion. One reason for this is that it has been comparatively easy to imitate the ruby, hitherto enthroned as the show gem. Another probably is that the sapphire has been somewhat neglected and it is prudent to get rid of accumulated stock.

Small Coinage Doubles.

During last year the coinage of pieces under \$1 in value was 714,000, or nearly double the coinage of 1917, and approximately five times the coinage of 1916. TO MOTHERS! If you will learn to give this harmless candy cathartic to your children, instead of castor oil, calomel and pills, you will save money and avoid lots of worry and trouble. Truly!

When one of the kiddies has a white tongue, a tainted breath, sour stomach or a cold; when bilious, constipated, feverish, remember, a Cascaret to quickly "work" away the nasty bile, sour fermentations and poisons should always be the first treatment given.

Children really like to take candy Cascarets and they never gripe the tender bowels, never injure, and never disappoint the worried mother. Give Cascarets to children one year old and upwards. Each 10 cent box contains full directions for children and adults.

It Cost Three Million Dollars To Perfet the NEW EDISON

BUT the three million dollars was the smallest part of it. Any group of capitalists might devote this sum to the perfection of a phonograph. But lacking the native genius and hard won experience of Thomas A. Edison, they would fail of their object. It required the combination: the three million dollars plus the brain of the world's greatest inventor to achieve.

The NEW EDISON

What is the result? An instrument which RE-CREATES an artist's voice of instrumental interpretation with such complete fidelity that even by the test of direct comparison it is impossible to distinguish between the two renditions. This has been proved by public tone tests, not once, but more than 1,500 times. More than thirty great stars of Grand Opera have conducted these tests. More than five hundred newspaper critics have supported our assertion regarding this marvelous instrument.

Drop into our store the next time you are downtown. Hear your favorite songs RE-CREATED on the Official Laboratory Model. Then decide whether or not you want this three million dollar instrument in your own home.

Presbyterians to Raise Forty Million Dollar Fund for Local, National and Overseas Work.

Proclamation

FELLOW-PRESBYTERIANS:

A momentous hour has struck. The shadow on the dial marks a time of destiny for individuals, institutions and nations.

We must re-establish our altars as Abraham of old, and keep perpetually burning thereon the incense of a robust faith.

We must enter into all life and weave into its filament and fiber mercy and justice. Literature we must chasten; commerce, convert; politics, save, labor and capital, wed in the service of the common brotherhood; art, purify; society, democratize and sweeten; and religion, reveal as man's supreme asset.

At a time when empires are crumbling, and the wild wrath of wronged peoples flames forth against law and order, is it not our duty to make the Church's ministers serve humanity? Shall we not get under the Church's burdens, behind its tanks and into the midst of its struggles for the healing of the nations? Shall we bear the mark of Cain because our indifference has slain multitudes? Shall we live for ourselves and think for ourselves when heroes and martyrs have died for us?

In this hour of the recovery, reconstruction and regeneration of the world every Presbyterian should enlist in the New Era Crusade, invest generously in its great program and enter expectantly and resolutely into its Easter harvest season.

A God and Father inexhaustible in resources, a Divine Christ calling us to follow in His steps and a blessed Spirit for guidance and power, make the whole program attainable.

If we are true to our trust we shall have a revived Church, a restored faith in its mission, an ingathering to the joy of men and angels.

A past, heroic; a present, with a mighty imperative; and a future, whose prophetic beams already announce the coronation of the spirit of service and sacrifice, inspiring hope.

Let every Presbyterian sound forth the slogan "Over the Top to Victory and the Joy of an Immortal Achievement."

In the year of our Lord Nineteen Hundred and Nineteen.

Moderator's Proclamation Read in Every Presbyterian Church in this country on Sunday, March 2, and Displayed on Posters, Opening the Drive for Funds.

PROGRAMS prepared before the war are as useless as a last year's bird's nest—and this applies to the work of the Church just as much as it does to any other kind of an organization which deals with human relationships.

The New Era Movement of the Presbyterian Church was organized to study the conditions which have come out of the war and then to set up an adequate program that will frankly face the facts.

The financial "drive" is being organized by business men who were among the most successful workers in Liberty Loan, Red Cross, War Savings Stamps, Y. M. C. A. and the other war time "drives."

Leading preachers all over the country are leaving their important churches for the sixty day period of the Campaign, becoming responsible for certain areas, seeing to it that these are thoroughly organized for the final rally.

Among the objects for which the

forty million dollars are to be spent are the following:

Half a million dollars for use among returning soldiers and sailors, to whom assistance is also to be given in finding jobs and in getting a new start in life.

Half a million dollars for reconstruction work in building Protestant churches in Europe devastated by the war.

Four million dollars for work overseas, where last year Presbyterians conducted 175 hospitals and dispensaries, in which 700,000 patients were treated and where educational institutions and religious services were maintained, which were attended by many millions of natives.

Eighty thousand dollars will be used for temperance and prohibition work, especially in foreign lands, in which American brewers and distillers are to begin operations as soon as their plants are closed down in this country.

Nearly a million dollars will be appropriated for disabled preachers, and

another million will be used to increase preachers' salaries.

About three millions are needed for special work in American cities and among immigrant populations and lumberjacks and for work among Indians, Mexicans and other depressed peoples, and for relief work in the sparsely settled sections of the country.

Presbyterian women are to raise nearly two million dollars for educational and social work in this country.

Half a million will be used for building new Presbyterian churches and another half million for educational and religious work among negroes.

Nearly a million is to be spent for general religious education and theological training, half a million for Sunday School work and religious literature and about one hundred thousand for special men's work and general evangelism.

Twenty-five million dollars will be spent by the local Presbyterian churches for their general community work.

dition of shipments turned over to the service has been noticeable. And the express agent expects a decided reduction in the number of shipments sent to "no mark" bureaus, which are the "dead letter" offices of the express business.

In "Four Minute" talks to the express men no little emphasis was laid upon the seriousness of the situation for the company, the number of claims pressed against it from causes for which it was found not to be responsible. The aggressive internal campaign being conducted among the operating forces of the express business, is expected to remove the causes attributed to carelessness in the organization.

The express employees were instructed not only to see that the packing and marking rules were followed, in all shipments they accepted, but to give their full cooperation to the shippers.

Farm Records

(National Crop Improvement Service)

WHAT at first glance may seem to be a hardship will, in reality, prove to be a great blessing," says Mr. Frank Baackes, vice president American Steel and Wire company. "The new tax law says that every person shall make a tax return, stating his income, from which the unmarried man may deduct \$1,000 and the married man \$2,000 exemption."

"A very small percentage of American farmers keep records which give this exact information. Uncle Sam now steps in and insists that every farmer shall keep records of his business."

"Like every other innovation, there will be some confusion, but after he gets the hang of it the farmer will wonder how he ever did business without it."

"A few years ago the crop improvement committee, by the aid of the office of farm management at Washington, issued a very comprehensive record book which has been widely adapted by more than forty states. Every agricultural college now has an extension department which will, through the county agents, help each man to keep the necessary books."

"The fundamentals are very simple. The first thing the farmer is to do is to take an inventory of everything he owns on December 31, 1918. He is advised to keep a bank account and deposit everything received and pay by check. Most of the information required can be thus obtained. You should make a plain statement of expenses and receipts, which should be kept separately."

"Regarding expenses, you can include all money paid for hired help, except any wages that you pay to your children under age. Gasoline, oil, grease, etc., is expense when used for machinery, trucks, tractors, automobiles, etc., about the farm. When used for motorcars driven for pleasure it cannot be so deducted."

"Taxes upon farm land, live stock, machinery, buildings, personal property, and the home, is expense. All insurance is expense except life insurance and insurance on the home. Cost of repairs is expense except repairs on the home. The cost of permanent improvement is not expense. Repairs on pleasure cars must not be deducted."

What is income?

"The tax return blanks will explain to you what you are to include. The government will establish branch offices in banks, etc., where you may obtain assistance in making your return."

"Your income must include all money received, such as interest, dividends, rent, insurance loss, and whatever you may sell, salaries, wages and profits from speculations must also be included."

"The money you pay for income tax will be well spent, as it will teach you to keep exact records of different farm activities and you will find that when you have learned to compute costs that you will be on the high road to success."

"At a very nominal expense you may get farm record books with full instructions from your agricultural college. In every farm bureau there should be a section devoted to farm accounts."

PRESIDENT WILSON'S STRUGGLE.

Few people realize what a struggle President Wilson has had at the Peace Conference. The tendency would have been, without him, to settle these questions on the old fashioned principle of each nation taking what it could get for itself. The old world powers have suffered terribly, and naturally want to get compensated if they can.

But President Wilson had the vision to see that if every nation insisted on the letter and limit of what might be its rights, there would be no permanent settlement. It takes compromise and concession to get any agreement of conflicting interests that will last. The power would be morally justified, for instance, in asking Germany to pay the full costs of the war. But it would be poor policy. It would keep Europe in turmoil for 50 years, and would require a great standing army in Germany indefinitely, and cost more than it would come to.

So Mr. Wilson went in there asking every nation to give up all selfish interests and consider merely what would promote peace, order, and the giving up of militaristic programs. He has had to make a hard fight, because he went up against all traditions of European diplomacy since earliest history.

This attitude coincides with the desire of the American people. They're asking no territorial possessions, no indemnity or compensation for the cost of the war.

Some of the Republican leaders are showing a spirit of factious opposition to everything Mr. Wilson does. But the great mass of the Republican party approves in the main of Mr. Wilson's position. Among them being Ex-President William H. Taft. The critics that start back here at home will get their own fingers much scratched.

The average man so far has succeeded in controlling the publication. He feels even that six or eight towns costing \$5. And so far none of the Women's clubs has passed resolutions protesting against the Newark Advocate on tobacco.

Hood's Sarsaparilla represents the wisdom of our best physicians. It has been found to be the best of all medicines for the blood. It is the only medicine that can be taken by the people of a good health.

WILSON'S LEADERSHIP.

Henry Claws, the New York financier, in his weekly review thus refers to President Wilson:

"What the new Congress will do cannot be forecast. The house majority is politically opposed to the President; but Mr. Wilson has so enormously enhanced his prestige through his meritorious labors for the League of Nations that he may be able to continue his remarkable sway over the course of affairs at Washington during the remainder of his term. What ever criticisms are showered upon some of Mr. Wilson's policies and actions, he has certainly placed the United States among the very first of great nations, and this is a work of incalculable value in the great future that is before us. It is to be hoped that partisanship will not be allowed to weaken the wonderful influence which America has gained amongst other nations under Mr. Wilson's skillful leadership in foreign affairs."

VALUE OF REPUTATION.

It is amazing how a business reputation will last once it becomes thoroughly established. A man walked into a drug store the other day and bought a cake of soap. He remarked afterward that it had just the same familiar trade name as the first cake he ever bought for his downy beard thirty years before. During that time no doubt hundreds of rivals had tried to get a foothold. But the established line, it kept up and well pushed, will hold its line against a field of competitors a long time.

In most cases where some noted article has maintained its hold that way for a period of years, it will almost invariably be found to have been accomplished by a consistent policy of advertising. If you make no special effort to push an article, it will gradually fade out of the stores. But the established lines figure on a certain percentage of publicity every year, and they know they have to keep it up. A good will of that kind has such a tremendous cumulative value, showing better returns constantly for a given amount of publicity work, that the returns of publicity should not be figured merely on the results shown in the first years of promotion. The owner of the proposition should be satisfied for a few years with a moderate return, if he is building up a business that by and by is going to become a permanent possession.

The same policy applies both to nationally advertised goods, and to a retail store. The returns from efforts to increase sales, and in particular a newspaper publicity, are not to be measured, as some merchants think, with the sales that come in from day to day as the particular notice of that date is read. For every sale made immediately as a result of advertising, many future sales will follow as the result of the reputation the advertising establishes. So when a merchant figures on the profit of advertising on his immediate returns only, he fails to count as worthy anything the tremendously valuable good will he is developing. Cast your bread upon the waters, and it shall return to you after many days.

THE KICKERS.

A newspaper paragraph states that the city of St. Louis is spending \$3000 a year in maintaining a complaint board! It is its duty to hear complaints regarding local conditions and remedy same if possible. But the board reports it has no complaint to handle.

It is possible that the citizens do plenty of knocking in private conversation. Yet they may lack the energy to place their complaints before any public authority. This condition is one found in most towns.

There are many people everywhere, and no doubt here in Newark who are always kicking in an irresponsible way. They are full of complaint of home town conditions, at times when their talk can do no possible good.

The only effort to distribute pessimism and discouragement. They give the impression that then town is a run down place with everything at loose ends.

Now there will be room for improvement even in Heaven. The judicious kicker, who sees real community defects, should bring these matters before the people responsible or in a position to remedy them. Also it does one kind of progress. But unless kicking, distributed with no purpose to organize sentiment for improvement, distributed among people who then will never do anything but kick, is a dead weight on any town's advance.

So a complaint board is a good proposition. But a town does not need an separate organization for that purpose. There should always be one authority willing to receive complaints, courteous, investigate them carefully, and take steps to remove them if such action is practicable.

With the time of service men being given, the people who send such letters post what they had said in by express and the people who ship expresses feel they made a mistake in not shipping parcel post.

WHAT GERMANY MUST PAY.

(Toronto Mail and Express.)
If, before the war, a group of German intellectuals had been asked: "Do you subscribe to Bismarck's principles of statecraft?" they would have unhesitatingly answered "Yes." But the Germans today are finding Bismarckian precedents very awkward. In demanding of France, in 1871, an indemnity of a billion dollars—three times as much as the war cost Germany—the iron chancellor curtly said: "It is not our business to win over the French by a conciliatory treatment, or to take their welfare into account." When the indemnities are fastened on Germany this time the allies will not be disposed to forget Bismarck's policy.

One of the indemnity commissions is said to have figured it out that Germany can pay \$2,000,000,000 a year, or about \$40 per capita. If the indemnity total is twenty billions, the amount can be paid off within ten years. Von Bethmann-Hollweg arrogantly boasted—when he thought success within his grasp—that Germany's terms of peace would keep the allied peoples in "an endless chain of debt." The allies have no need to debate reprisals in kind. The amount required for "reparation" alone may be all Germany can pay. The British government recently reaffirmed in the house of commons that it stood for indemnities to the limit of Germany's ability. For Germany in 1871, victory was an instrument for obtaining money by the highwayman's method. For the allies in 1919 victory is a means of ensuring the peace and liberty of the world and getting back some small part of what the war actually cost them. Germany has an war debt of \$35,000,000,000, but this is owing to Germans, and payments of interest could, perhaps, be suspended for a number of years to give right of way to indemnity payments. But the allies must be regarded for Bolsheviki activities in Germany, and allow the Germans some economic freedom for recovery.

The point of view that the allied peoples themselves will suffer by imitating Bismarck's policy of 1871, against Germany, is steadily gaining ground. The New York Journal of Commerce, a strong pro-alley newspaper, says: "It is clearly the dictate of wisdom that German machinery should be set in motion as quickly as possible and German labor given ample employment. If German trade should be nursed and exploited, not in competition, but in cooperation with Germany's old commercial rivals, in order to diminish as far as possible the loss which the rest of the world is bound to suffer through German insolvency."

ATTORNEY GENERAL PALMER.

Cleveland Plain Dealer.
A. Mitchell Palmer might have been President Wilson's first secretary of war, it was claimed at the time that first cabinet was being organized six years ago. Now he enters the administration as attorney general in place of Mr. Gregory. Palmer's first secretary of war, it was claimed at the time that first cabinet was being organized six years ago. Now he enters the administration as attorney general in place of Mr. Gregory.

In announcing the selection of Mr. Palmer to head the department of justice, the press makes it clear that the choice is a disappointment, further more, which will give very general satisfaction.

The attorney general has held a variety of responsible public positions, has served in congress, has been a member of the judiciary, and a member of the police of that brand. He was an ardent abolitionist from the beginning, and he had been a disciple of Cleveland's. In his capacity as custodian of the property, by appointment of Mr. Wilson, Palmer has handled a lot of "bad" cases, and a thoroughgoing anti-socialism that have caused of course, to the public.

If Mr. Palmer proves as fearless and unflinching in his new office as he was in his old one, most his political foes in the country and abroad will be glad to see him in the office.

sioned to form a penal settlement there. Finding on his arrival, however, that the locality was ill-suited for such a purpose, he removed to the site of the present city of Sydney. The name of Botany Bay seemed to have struck the popular fancy and it has continued to be used in a general way for any convict establishment in Australia.

Well, we see that Mr. Andre Cheradame, who announced about Nov. 1 that Germany could never be beaten on the western front and, in point of fact, could not be beaten at all for approximately 50 years, has emerged again and is now engaged in trying to prove various things by what Senator Lodge says—Ohio State Journal.

He is a nifty man, they say. His courage makes him rash. He, in a restaurant, one day, attacked a plate of omelette. —Luke McLuke.

The plate of hush to the defense Sprang with a purpose grim; And, though the conflict was intense, It got the best of him.

Dear, Dear!
"It surely is unjust, my stars!" Remarked young Mr. Blair. "The stuff they serve in dining cars— It simply isn't fare." —Newark Advocate.

DESTROYING THE HOME.

(Ohio State Journal.)
After three years as ambassador to Russia, David R. Francis knows what Bolshevism is. We quote from an interview what he thinks of it: "Bolshevism, as it breaks up the family and is opposed to all organized government, means a return to barbarism in any country where it dominates."

It does seem that whenever we assault the government we are at the family, which is the cornerstone of civil government. Further Mr. Francis speaks: "Two or three Russian provinces have issued decrees nationalizing women between the ages of 18 to 32, but the central government has issued no such order."

"It does, however, provide that a married couple can divorce themselves by agreement and that two single persons can unite in marriage simply by declaring their intention to do so and person. Children born of such unions are placed in foundling asylums."

It is terrible to contemplate that after our great struggle for civilization, and the sad sacrifices we have made, this monster of Bolshevism should arise to threaten us. And we don't know how to meet it. Of course it cannot thrive long. It will die of its inherent rottenness, but it is not wise to trust to that very long. This nation can engage in no nobler mission than to crush Bolshevism here and everywhere.

PUTTING SCREWS ON RUSSIA.

(Pittsburg Gazette-Times.)
From several different sources comes news of steps being taken to cope with the Russian menace to the free world. Prohibition of foreign exchange transactions with Bolsheviki-land by the United States, France and Great Britain may be, as anticipated, designed primarily to put a check to propaganda financed from Russia. Most likely, however, this move is but preliminary to a general campaign for the isolation of Russia. Andre Tardieu says the proposed conference with the Bolshevists is off and that the allies have in new methods of restoring order in Russia. French Foreign Minister Pichon speaks to the same effect. It already has been decided to abandon military measures against Bolshevism. What is left, then, but the economic blockade? Cut Russia off and let it come to its senses or perish. The allies will not permit. Three purposes will be served through the order. The efficacy of the economic boycott will be tested; we shall have a demonstration of the quality of league of nations action and an impressive object lesson will be staged for the benefit of enemy people who may be disposed to resist orders.

"THE RED TRAIL"

Maxwell
—a car of rare charm and—able

YOUR first impression of this present day Maxwell as it passes you on the street is one of decided beauty. Your first ride in it, whether at the wheel or in the tonneau, tells you of its rare charm.

But after six months you find a new admiration for the Maxwell. You find it shuns the repair shop, that it runs and runs and never stops running.

Then after a year is past you develop an enthusiasm for it that dictionary words don't seem to fully describe.

And then after you have had it for more than the average life of a motor car and you find it far better than even the Maxwell salesman said it was you search for the reason.

This is what you find:

For 5 years Maxwell cars have been built on the single chassis plan. To date 300,000 have been turned out on this plan. Each car better than the other. Each one better looking than the other.

There have been more than 1000 refinements in the Maxwell, but never once have the Maxwell executives swerved from the original program.

You conclude that reliability was designed "into" the car and built "into" it, and that a policy of 300,000-all-alike is the soundest kind of reason for writing your check for a present day Maxwell.

Resinol for that skin eruption — Quick relief

If your skin burns and itches incessantly—if your hands are chapped, sore or bleeding—don't suffer another minute's annoyance—simply anoint the tender parts with Resinol Ointment, and all the itching and soreness usually disappear.

Quicker results are generally obtained from Resinol than from any other ointment. Resinol is easily prepared, and saves about 50%.

The Quick Way to Stop a Cough

This home-made syrup does the work in a hurry. Easily prepared, and saves about 50%.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Four 2½ ounces of Pinex in a pint bottle, then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup. And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, whooping cough and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes. To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. TOWNSHIP S. S. NAMES OFFICERS

The Madison township Sunday school convention was held in the Bowling Green church on Sunday afternoon. Two addresses were given on the need of the Sunday school. Music was furnished by choir members of the First Presbyterian church of Newark. The following officers were elected: President, Mrs. Charles Moore; vice president, H. W. Wilson; secretary and treasurer, Mrs. Charles Chaney; secondary superintendent, Helen Ryan; elementary superintendent, Claren Hickman; home department secretary, Effie McDowell; teachers' training, A. J. Muggler; adult Bible class, J. C. Shaw; temperance, H. W. Wilson.

THE COURTS

Denies Horse Was Ill.
In the case of Elmer M. Mathews vs. Elsie J. Case, the defendant has filed an amended answer, admitting that on May 25, 1915, he sold the plaintiff a stallion for \$500, which was paid for by a note of \$325, and another horse valued at \$175. The amended answer denies that the horse had chronic indigestion and was not normal and asks the petition of the plaintiff be dismissed.

Answer Is Filed.
In the case of Henry L. Gieseck vs. Henry H. Gieseck, a minor et al., the defendant has filed an answer claiming that the document is the last will and testament of Edward R. Gieseck, deceased, and prays the court to render judgment for the defendant and dismiss the plaintiff's petition.

Case Is Settled.
The case of Philip Hamilton vs. Leonard and Lucine Lohman, a suit for damages, Hamilton alleging that members of the family were bitten by a vicious bull dog owned by the Lohmans was to be heard this morning in Justice Horton's court, but the parties, adjusted the matter among themselves, Lohman agreeing to take the dog out of town.

Plaintiff Gets Judgment.
In common pleas court in the case of Martin Rauck, The Wehrle Co., a judgment for plaintiff for \$76.00 was entered.

Asked \$5000 Damages.
Etta Martin has filed a petition against the Ohio Electric railroad company in common pleas court asking \$5,000 damages for injuries which she claimed she suffered when two West Main street cars collided near Bowles avenue on November 23, 1918. The petition recites that the plaintiff was in the vestibule ready to alight from the car when another car crashed into it, throwing her violently with great force against the car and tearing the ligaments of the right shoulder and arm, bruising the muscle of the same and spraining her right wrist and also suffering other injuries, which she claims are permanent.

VISITS HOMES WHERE HUN VICTIMS LIVE

Mrs. Mary Neal Hamilton has received a letter from her husband, Arthur Hamilton, who is engaged in Red Cross work with the American forces in France. The letter was written from Moulins in the department of Allier, where many of the French orphans reside who have been adopted by local people and societies. It is a city of 22,000 inhabitants but many were left destitute on account of the Hun atrocities. Mr. Hamilton expects to return to this country in May. Hamilton is active in assisting in promoting the care of French orphans in this country.

MUSIC CLUB WINS PRAISE FOR EFFORT

Operetta "Princess Chrysanthemum" Pleases Capacity House at High School Monday Evening.

Anything more beautiful than the spectacle presented to a capacity house as the curtain rolled up last night at the High School Auditorium could not be imagined.

The occasion was the rendition of the Japanese Operetta "Princess Chrysanthemum" by the members of the Women's Music club of Newark.

The lovely floating garlands of cherry-blossoms and wisteria and the lanterns and light made the Emperor's Palace garden a wonderful setting for the 40 lovely Japanese girls and gorgeous men. After several months of inactivity the music club suddenly burst into song, so catchy, tuneful and alluring that the audience was in gales of applause.

The concerted work was well sustained and attractive and the solos, trios and duets well diversified.

Mrs. Chas. W. Miller as a magnificent Mikado was a distinct success—her song keen and her voice clear and telling.

Mrs. W. W. Gard made an attractive Princess, her lovely numbers winning great applause, while her rival suitors, Prince So True, as impersonated by Miss Bertha Doomey and Prince So-Sil by Mrs. James R. Fitzgibbon were capital.

Seldom has anything been seen more dramatic than Miss Doomey's rendition with her fine enunciation and beautiful voice and her costume was an achievement. Mrs. Fitzgibbon as usual brought all her personality to bear upon the comedy side and her acting and her one song "Little Man from Tokio" was an encore.

The comedy scene, however, was the Wizard Cat "saucer eyes," in which Mrs. T. J. Evans showed nothing short of a touch of genius. Difficult to assume, she carried out her farcical character in a side-splitting manner and her lurid care of the lily night filled with the serenely lively little surtles who did grotesque dances most cleverly was a hit of the performance. Bunny

Jones, Josephine Sprague, Gretchen and Elsie Dorey, Elizabeth King and Mary Corne were the sprites.

Miss Mary Carl as Fairy Moonbeam was a little white and silver dream of a girl who literally floated through dance and song. To her credit too was the training of the fascinating moonbeams, Mary Windle, Gay Miller, Allen Martin, Virginia Martin and Dorothy Wilson, lovely girls with their filmy white draperies and golden hair, who gave a classical dance simply lovely in its grace.

Of the four maids of the Princess, Miss Winifred Fulton sang a much applauded duet with her mistress "The Dawn of Love," and Mrs. H. B. Moninger a fascinating song "Lullaby Land" with its lulling accompaniment by the chorus. Mrs. Nelson Pierson and Mrs. W. G. Corne sang the refrain of a song "The Home of My Childhood," which was splendidly sung by Miss Emily Hamilton. To Mrs. Chandler Tucker fell the comedy role of "Top Not" the court chamberlain and so finely did she fulfil all its arduous and amusing obligations. She was heard by the remotest corner of the house and her fun and song much appreciated. A splendid diversion was the dancing of the little Margaret and Katherine Moran of New York, in Spanish ragtime and barefoot dances. They won rounds upon rounds of applause.

Note should be made of the wonderful costuming due to the generosity of friends who loaned the wonderful kimono to the scene. The entrancing stage decorations were by courtesy of Meyer and Lindorff and of A. Schiff, while the superb Edison was owing to the Stewart Bros. and Alward Co. Richard Fatig gave the trumpet calls. Mrs. Warren Jackson was the prompt and efficient accompanist. Mrs. T. J. Daily, the business manager and Miss Florence King the director of the operetta to whom was presented a wonderful bunch of roses by members of the cast.

The performance was almost professional in its perfection, chorus, an important element and cast all sustaining themselves in a manner creditable to as dignified an organization as the Woman's Music club.

Forcing Peace.
And you call yourself a lover of peace! said Mr. Rafferty.
I do, answered Mr. Dolan.
After intentionally droppin' the brick on Casey?
Yes, I've never known Casey to be so peaceful as he was just after I dropped the brick.—Washington Star.

THIS TELLS HOW TO FIGURE INCOME TAX

Squarely Up to Every Individual to Get Busy by March 15 or Suffer Penalty.

"Don't wait until the final due date, March 15th, for paying your Income Tax and making your return. Avoid the last minute rush. Any person can figure out his liability today as well as he can next week, and if there is any point on which he needs advice he can now get in touch with a Revenue man."

This word of advice is being given out by Internal Revenue men. Returns and payments are being collected in Ohio by the following Collectors of Internal Revenue:

- Andrew C. Gilligan.
- Frank B. Niles.
- Beriah E. Williamson.
- Harry H. Wells.

Every aid of their offices and field forces is being given freely to the public. But the Income Tax men will not pull your door-bell or your coat-tails, according to the Collector's announcement. It is squarely up to every individual to figure out his own case and to get busy if he comes within the scope of the new Revenue law.

Did You Earn This Much?

Every unmarried person who received income averaging \$19.25 a week during 1918 and every married couple who jointly received income averaging \$38.50 a week should secure at once from the nearest Deputy Collector or the nearest bank a blank Form 1040 A. That form contains the information he will need to enable him to figure his correct net income and any tax that he owes the Government.

The law requires that every unmarried person who had a net income of \$1,000 or over and every married person whose net income was \$2,000 or over (including the income of husband or wife and the earnings of minor children, if any) must make a return on or before March 15th. And this requirement does not hinge on whether the person owes a tax.

Taxable Income.

An individual must include under gross income all gains, profits and income derived from salaries, wages or compensation for personal service of whatever kind and in whatever form paid or from professions, vocations, business, sales or dealings in property of all kinds, interest, rent, dividends or profits derived from any source whatever. Very few items of income are exempt.

Deductions include ordinary and necessary business expenses, interest paid or accrued on indebtedness, taxes of all kinds except Federal income and excess profits taxes and assessments for local benefits, losses actually sustained, debts ascertained to be worthless and depreciation on buildings, machinery, fixtures, etc., used in business. A further deduction is allowed for contributions to corporations operated for religious, charitable, scientific or educational purposes or for the prevention of cruelty to children or animals to an amount not exceeding 15 per cent of the taxpayer's net income as computed without the benefit of the contribution deduction.

The taxpayer is not allowed to deduct any personal, living or family expense, any amount spent for improving property or making good its exhaustion for which an allowance is claimed under depreciation.

Figuring the Tax.

Before figuring the normal tax the dividends are deducted as credits from net income, together with the personal exemption. As in previous years, dividends of domestic corporations are exempt from normal tax when received by the stockholder.

The normal tax rates for citizens and residents are as follows: On the first \$4,000 of net income in excess of the credits the rate is 6 per cent; on any further taxable income the rate is 12 per cent.

The surtax rates apply to net income of each individual in excess of \$5,000. The personal exemption and the dividends are not deductible before computing surtax. In the case of returns by husband and wife, the net income of each is considered separately in computing any surtax that may be due. Form 1040 should be used for making returns of net income exceeding \$5,000, and the instructions on that form will show how to figure the surtax.

Business House Returns.

Employers and others who paid wages, salaries, rents, interest or similar determinable gains in an amount of \$1,000 or over during 1918 to any person must file an information return with the Government. Blanks may be secured from the Collector.

Every partnership must file a return showing its income and deductions and the name and address of each partner, with his share of the profits or losses during the past year. Personal service corporations will file similar information for 1918.

INCOME TAX PAYS FOR PUBLIC BENEFITS.

"Viewed in its largest and truest sense, the payment of taxes is payment for benefits received or expected. Only from a narrow and essentially selfish and shortsighted viewpoint can the individual propose to himself the evasion of tax liability as a desirable course of action."

—Daniel C. Roper, Commissioner of Internal Revenue.

BRITISHER WISHES HUN RACE WAS WIPED OUT

Columbus, March 4.—Colonel W. A. Bishop, premier ace of the allied forces, who has been lecturing throughout southern Ohio and Kentucky is a human paradox. Physically small, young and mild-mannered, he has 72 flu airplanes to his credit officially, it is said, and is the embodiment of hatred for the Germans.

Though only 25 years old, Colonel Bishop received as awards for his skill and daring achievements in Flanders fields as an aviator almost all the medals of honor that Great Britain, France and Canada can give. He is a Canadian and the United States government has not been behind the allied governments in doing honor to the greatest of all aces. Among his medals are the Victoria Cross, the Distinguished Service Order, the Military Cross and the medals of the Aero Club of America, the Middle of Gold Club of France and the Imperial Aero Club of Great Britain.

On the lecture platform, Colonel Bishop appears in a British uniform and does not wear any of his medals. He speaks in a conversational way of his own exploits. Of the Huns he says: "How do I feel about shooting down so many Huns? Do I ever pass sleepless nights over it? I am not blood-thirsty. In fact, people have said I look too mild to be a fighter. But all of us who have fought with the German race had been exterminated."

PLANS SERVICES FOR SIX WEEKS OF LENT

Wednesday evening at 7:15 o'clock the first Lenten service will be held at St. John's Evangelical church, Fifth and Poplar avenue, the seven weeks of the Lenten season are devoted to solemn meditation and to a special consideration of the passion and death of Jesus Christ.

The central theme of the Christian religion is the crucified Christ and therefore it is fitting that all followers of Christ should observe the Lenten season in a prayerful and thoughtful manner.

Rev. Emil N. Kraft, the pastor of St. John's church will speak every Wednesday evening upon the following themes:

- March 5—Wasted Ointment?
- March 12—"If I Wash Thee Not."
- March 19—The Judas Kiss.
- March 26—"Thy Speech Betrayeth Thee."
- April 2—Parables of Jesus?
- April 9—The Blood of the Cross.
- April 16—Stereoscopic slides depicting the events in the last week in the life of Christ.

SPRINGFIELD MAY COLLECT 6-CENT FARE

Springfield, March 4.—Six cents for car fare may soon be collected by the Springfield Railway company. The city commission, in session last night, invalidated a petition presented by the company, requesting the rescinding of an ordinance passed by it Oct. 21, granting increased fare. It is said an injunction will be sought protecting against the commission's action.

AMBITION PILLS FOR NERVOUS PEOPLE

The great nerve tonic—the famous Wendell's Ambition Pills—that will put vigor, vim and vitality into nervous tired out, all in, despondent people in a few days in many instances. Anyone can buy a box for only 50 cents, and T. J. Evans is authorized by the maker to refund the purchase price if anyone is dissatisfied with the first box purchased.

Thousands praise them for general debility, nervous prostration, mental depression and unstrung nerves caused by over-indulgence in alcohol, tobacco, or overwork of any kind. For any affliction of the nervous system Wendell's Ambition Pills are unsurpassed, while for hysteria, trembling and neuralgia they are simply splendid. Fifty cents at T. J. Evans' and dealers everywhere.—Adv't.

NEW TREATMENT THAT KNOCKS RHEUMATISM

25c BOX FREE TO ANY SUFFERER
Up in Syracuse, N. Y., a treatment for rheumatism has been found that hundreds of users say is a wonder, reporting cases that seem little short of miraculous. Just a few treatments even in the very worst cases seem to accomplish wonders even after other remedies have failed entirely. It seems to neutralize the uric acid and lime salt deposits in the blood, driving out the poisonous clinging waste from the system. Soreness, pain, stiffness, swelling just seem to melt away and vanish.

The treatment first introduced by Mr. Delano is so good that its owner wants every patient to suffer from rheumatism or who has a friend so afflicted, to get a free 25c package from him to prove just what it will do for you. Use before a penny is spent. Mr. Delano says: "To prove that the Delano treatment will positively overcome rheumatism, no matter how severe, stubborn or long-standing the case, and even after all other treatments have failed, I will if you have been previously used the Delano treatment send you a full size package of the Delano pills. I will not only send you the pills but will also send you a letter with my name and address upon it to help pay postage and other expenses to the person."
